UCSD Student Foundation's MAKE A SPLASH FOR SCHOLARSHIPS, Wednesday May 21st during the afternoon on Library Walk

UCSD – May 12, 2003 – The UCSD Student Foundation, UCSD's premiere student philanthropic organization, will be presenting "Make A Splash for Scholarships," a fundraising event where students have the chance to dunk administrators in our dunk tank to help raise money for student scholarships. The event will be taking place on Wednesday, May 21st on Library Walk and will be hosted by UCSDSF President Brandon Freeman and Former-MCC Chair Nick Lieberknecht, with a scheduled appearance by the chancellor himself.

Make A Splash For Scholarships is an effort by the UCSDSF to continue to help offset the rising cost of tuition by bringing students and administrators together to raise money for students in an event that's fun for everyone. Students will have the chance to dunk Vice Chancellor Joseph Watson, Vice Chancellor Jim Langley, Deans, Provosts and Residential Life staff from all six of the colleges. They've all given their time and effort to raise money for scholarships and to show students that hey philanthropy can be fun.

The UCSD Student Foundation will be present both at Sun God and on library walk during the week of the event with more information. Students can enter their name in our drawing at this time or on the day of and find out which administrators have volunteered to participate. A small donation is asked in return, which will be matched by the UCSD Student Foundation and then again by the Chancellor during the Chancellor's 5K. All of these proceeds will go towards student scholarships for the 2003-2004 academic year.

The event itself will be held in the afternoon with various administrators making appearance throughout the day. For a schedule of times, visit the UCSDSF booth during the days listed above. Make A Splash for Scholarships should be a fun event for everyone at UCSD. So come out, have a good time and get in the philanthropic spirit.
